The screenshot displays the Aviation Weather Center's web interface. At the top, the header includes the 'Aviation Weather Center' logo and navigation links for 'Weather', 'Products', 'Tools', and 'Connect'. The current time is shown as '20:12 UTC'. The main content area features a map of North America with various weather observations and radar data. The map shows a large low-pressure system over the central US, with a tropical system (TS) over the Gulf of Mexico. The interface includes a left sidebar with 'Observations' and 'Radar' tabs, and a right sidebar with a search bar and a legend. The bottom of the screen shows a timeline for '2012 UTC Sun 12:00:00Z'.
